

# Create a New Organization and Add Members in Stytlch

1

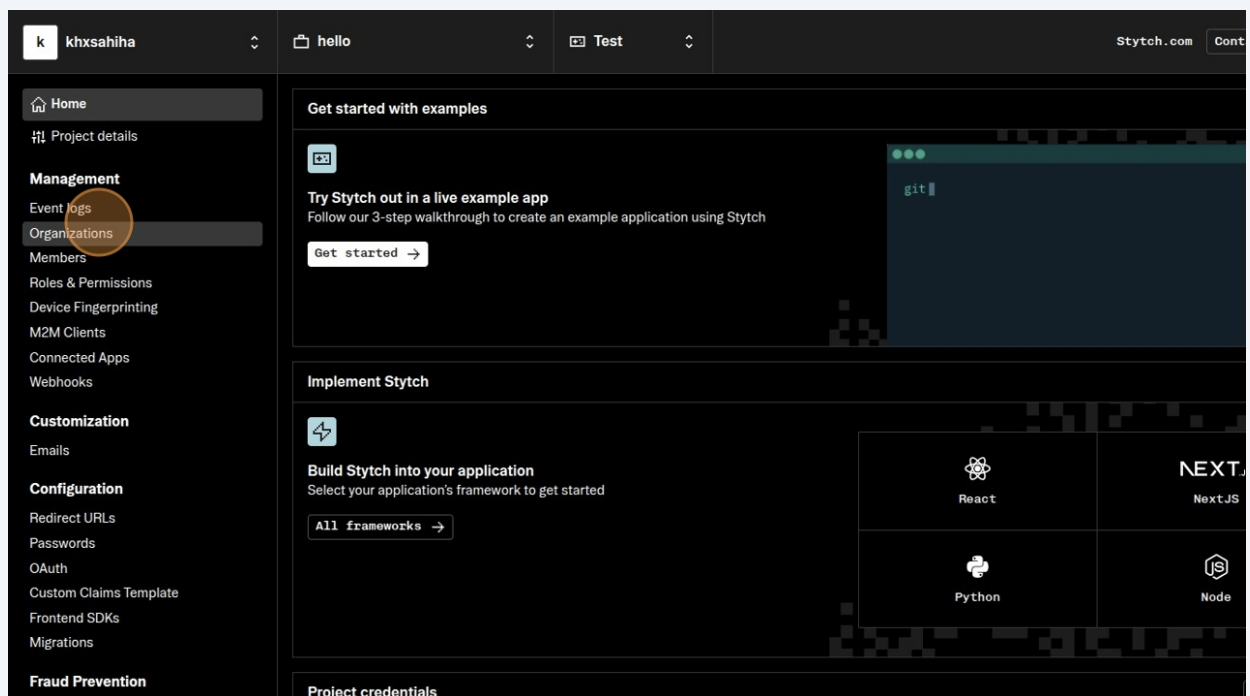

Navigate to <https://stytlch.com/>

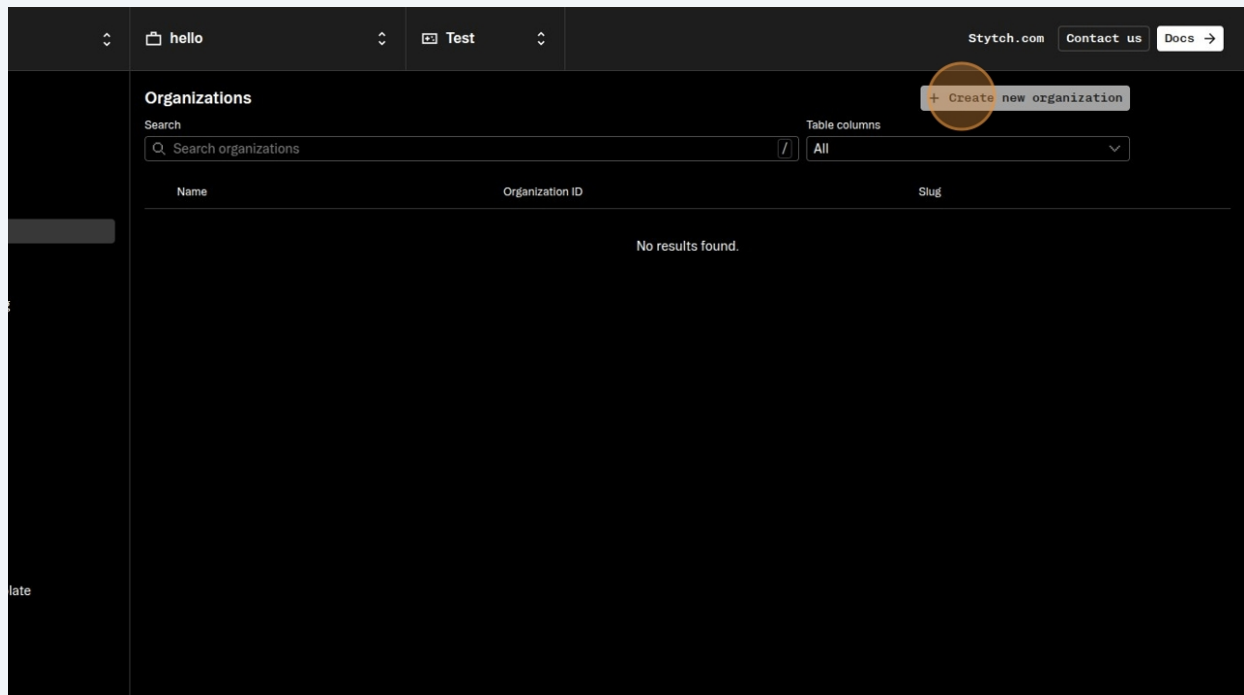

2 Click here.

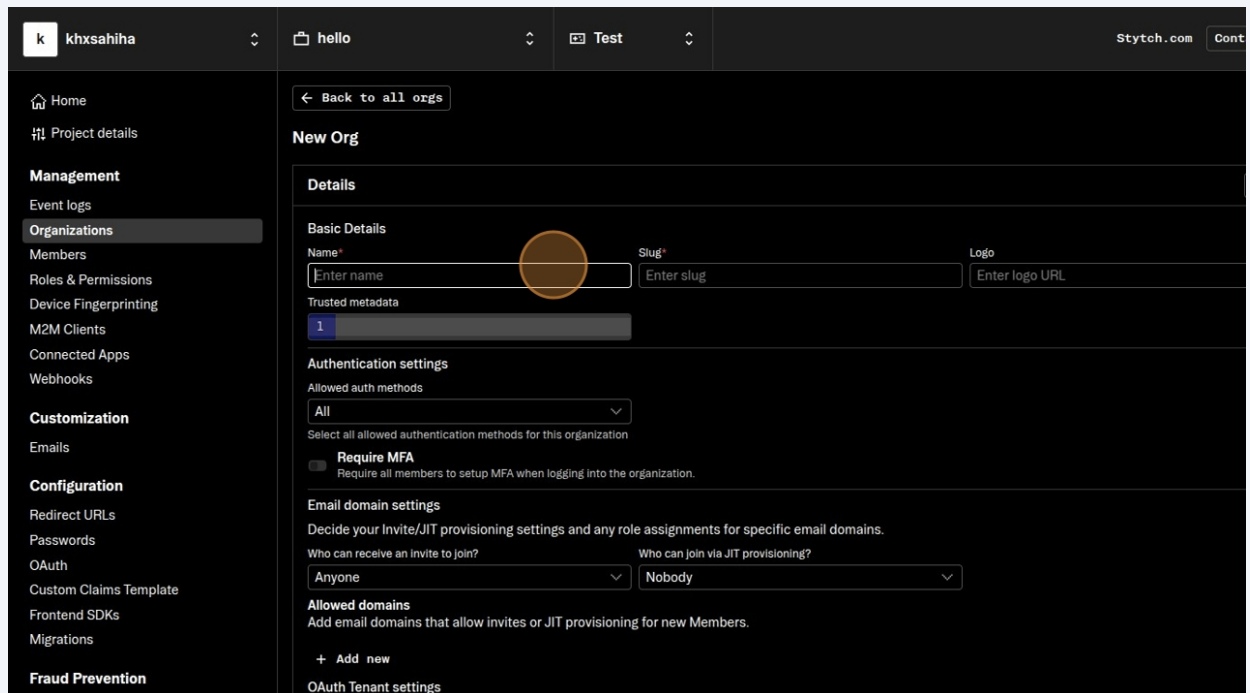

3 Click "Organizations"

#### 4 Click "Create new organization"

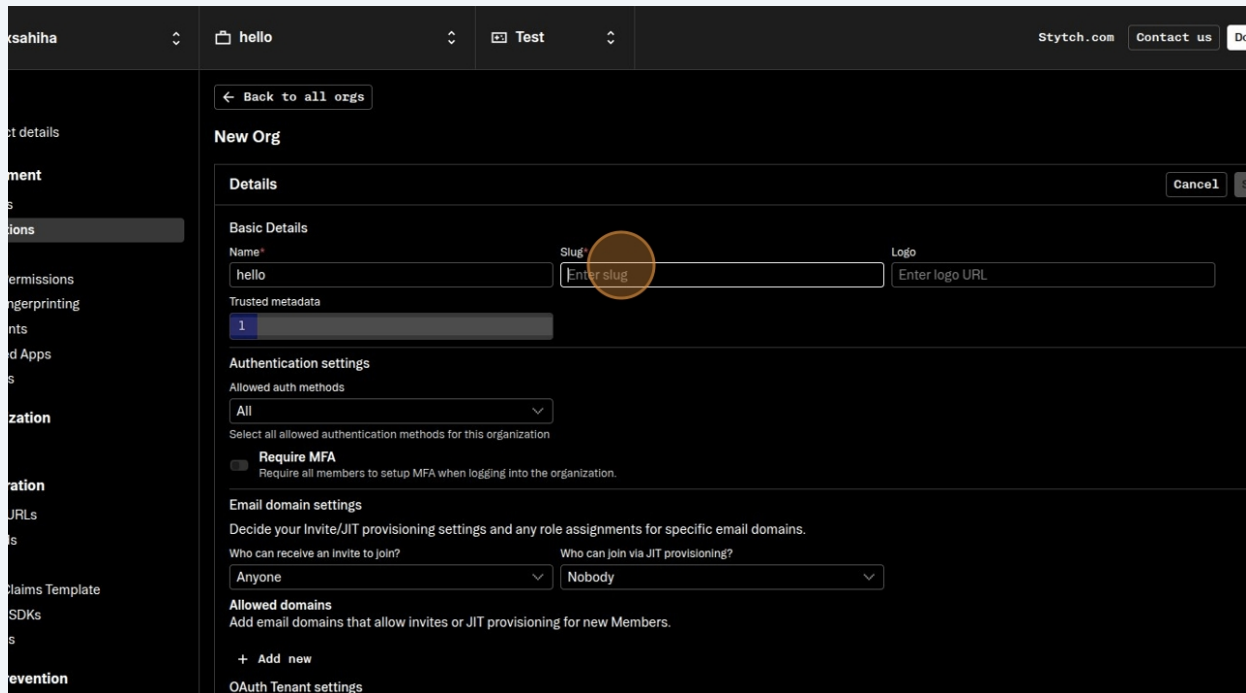

#### 5 Click the "Name" field.

6 Type "hello"

7 Click the "Slug" field.

The screenshot shows the 'New Org' form in the Stytcn application. The form is divided into several sections: 'Basic Details', 'Authentication settings', 'Email domain settings', 'Allowed domains', and 'OAuth Tenant settings'. The 'Basic Details' section contains three input fields: 'Name\*' (with the value 'hello'), 'Slug\*' (with the placeholder 'Enter slug'), and 'Logo' (with the placeholder 'Enter logo URL'). The 'Slug\*' field is highlighted with a blue circle. The 'Authentication settings' section includes a dropdown for 'Allowed auth methods' (set to 'All') and a toggle for 'Require MFA'. The 'Email domain settings' section includes two dropdowns for 'Who can receive an Invite to join?' (set to 'Anyone') and 'Who can join via JIT provisioning?' (set to 'Nobody'). The 'Allowed domains' section includes a '+ Add new' button. The 'OAuth Tenant settings' section is currently empty.

8 Type "world"

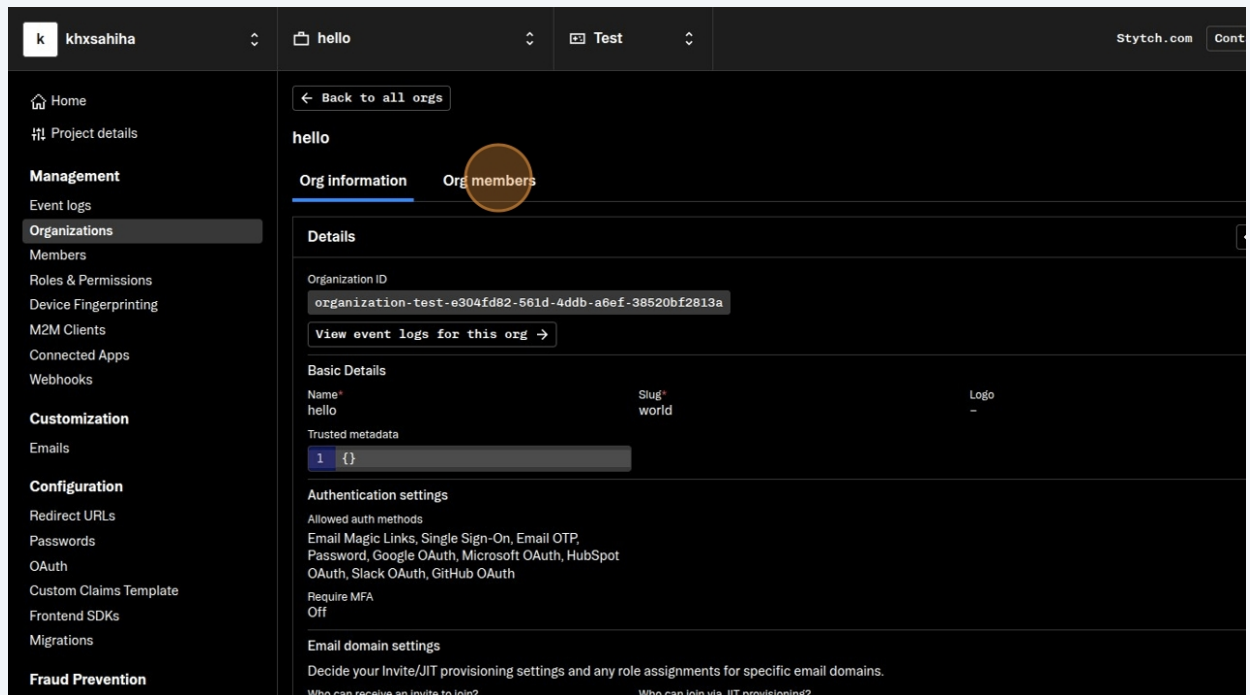

## 9 Click "Save"

The screenshot shows the 'New Org' form in the Stytych dashboard. The form is titled 'New Org' and has a 'Back to all orgs' link at the top left. The form is divided into several sections: 'Details', 'Basic Details', 'Trusted metadata', 'Authentication settings', and 'Email domain settings'. The 'Details' section contains a 'Cancel' button and a 'Save' button, which is circled in orange. The 'Basic Details' section includes fields for 'Name\*' (hello), 'Slug\*' (world), and 'Logo' (Enter logo URL). The 'Trusted metadata' section has a field for '1'. The 'Authentication settings' section includes a dropdown for 'Allowed auth methods' (All) and a checkbox for 'Require MFA'. The 'Email domain settings' section includes dropdowns for 'Who can receive an invite to join?' (Anyone) and 'Who can join via JIT provisioning?' (Nobody). The 'Allowed domains' section has a '+ Add new' button. The 'OAuth Tenant settings' section is partially visible at the bottom.

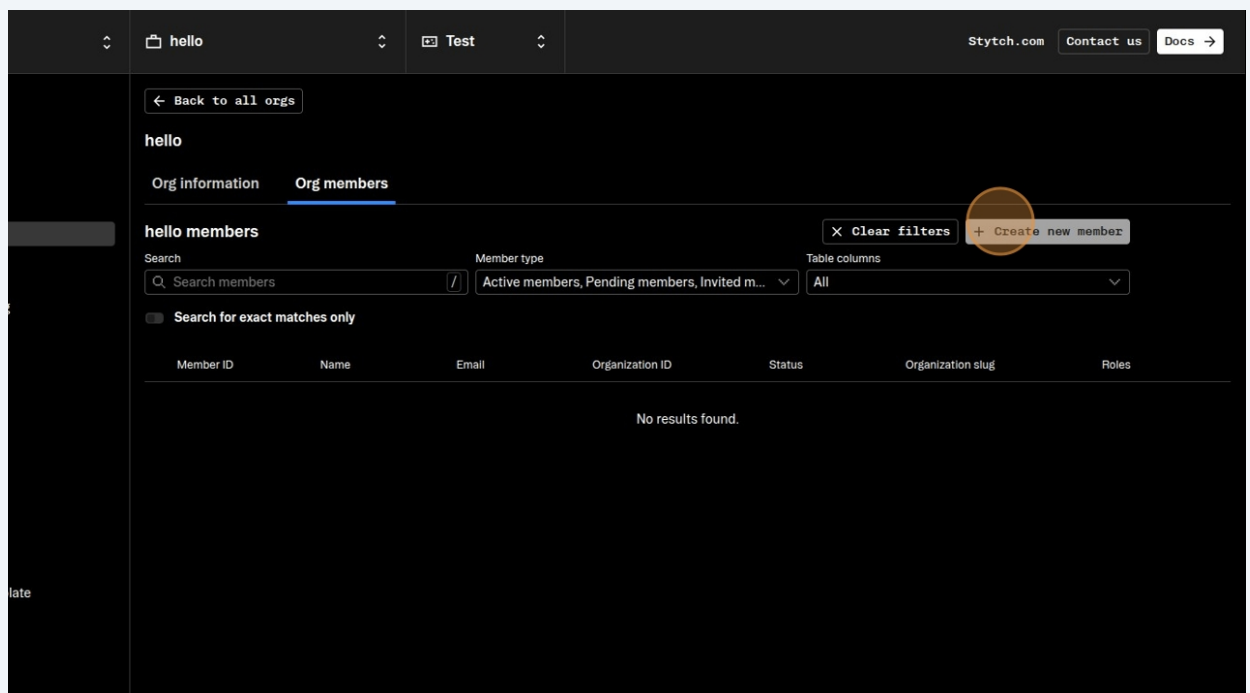

## 10 Click "Save changes"

The screenshot shows the 'New Org' form in the Stytych dashboard with a 'Save changes?' modal dialog. The modal dialog is a dark gray box with the text 'Save changes?' and 'Double check before saving your changes.' Below the text are two buttons: 'Cancel' and 'Save changes', which is circled in orange. The background form is partially visible, showing the 'Details' section with the 'Cancel' and 'Save' buttons, and the 'Basic Details' section with the 'Name\*' (hello), 'Slug\*' (world), and 'Logo' (Enter logo URL) fields. The 'Trusted metadata' section has a field for '1'. The 'Authentication settings' section includes a dropdown for 'Allowed auth methods' (All) and a checkbox for 'Require MFA'. The 'Email domain settings' section includes dropdowns for 'Who can receive an invite to join?' (Anyone) and 'Who can join via JIT provisioning?' (Nobody). The 'Allowed domains' section has a '+ Add new' button. The 'OAuth Tenant settings' section is partially visible at the bottom.

## 11 Click "Org members"

## 12 Click "Create new member"

### 13 Click the "Email address" field.

The screenshot shows a web application interface for managing members. On the left is a sidebar with a 'Management' section containing 'Organizations' (highlighted), 'Members', 'Roles & Permissions', 'Device Fingerprinting', 'M2M Clients', 'Connected Apps', and 'Webhooks'. The main content area is titled 'hello' and has tabs for 'Org information' and 'Org members'. Below the tabs is a 'Back to all members' button. The 'New Member' form is displayed with the following sections:

- Details**
  - Organization ID: `organization-test-e304fd82-561d-4ddb-a6ef-38520bf2813a`
- Basic Details**
  - Email address\*:  (highlighted with a red circle)
  - Name:
  - Trusted metadata:
  - Untrusted metadata:
- Authentication settings**
  - ☐ **Enable break glass for Member**  
This will allow the member to ignore Organization requirements in an emergency (i.e. in the event of a logout).
  - ☐ **Enable multi-factor authentication**  
This will require this member to enable multi-factor authentication. If MFA is required for your organization, this will be enabled by default.
  - ☐ **Create member as pending**  
Flag for whether or not to save a member as pending vs active in Styche.
- MFA phone number**  
Add the Member's phone number. A member may only have one phone number.
- Roles**

### 14 Type "[hello@gmail.com](mailto:hello@gmail.com)"

15 Click the "Name" field.

16 Type "hello"

## 17 Click "Save"

The screenshot shows the 'New Member' form in the Stytcn application. The form is titled 'New Member' and has a 'Details' section. The 'Details' section contains the following fields:

- Organization ID: organization-test-e304fd82-561d-4ddb-a6ef-38520bf2813a
- Basic Details: Email address (hello@gmail.com), Name (hello), Trusted metadata (1), and Untrusted metadata (1).
- Authentication settings: Enable break glass for Member, Enable multi-factor authentication, and Create member as pending.

The 'Save' button is highlighted with a red circle. The 'Cancel' button is also visible.

## 18 Click "Save changes"

The screenshot shows the 'New Member' form in the Stytcn application. The form is titled 'New Member' and has a 'Details' section. The 'Details' section contains the following fields:

- Organization ID: orga
- Basic Details: Email address (hello), Name (hello), Trusted metadata (1), and Untrusted metadata (1).
- Authentication settings: Enable break glass for Member, Enable multi-factor authentication, and Create member as pending.

A 'Save changes?' dialog box is open, asking the user to 'Double check before saving your changes.' The 'Save changes' button is highlighted with a red circle. The 'Cancel' button is also visible.
